

# FOLDING YOUR BUGSTER

valco  
baby

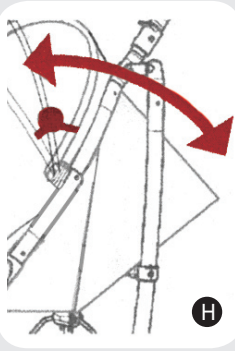

FIGURE H

1. Push the "hood elbow" up from underneath to release the hood.
2. OPTIONAL: For a neater fold you can adjust the seat to the upright position.

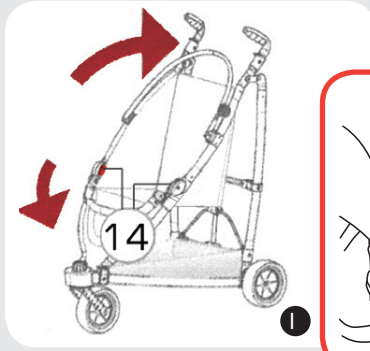

FIGURE I

1. Press the hood back against the handles as far as it will go.
2. Move the front bar downward as far as it will go by simultaneously pressing the two side buttons (14) and moving the bar downward.

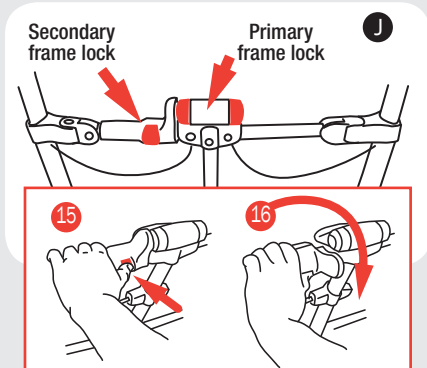

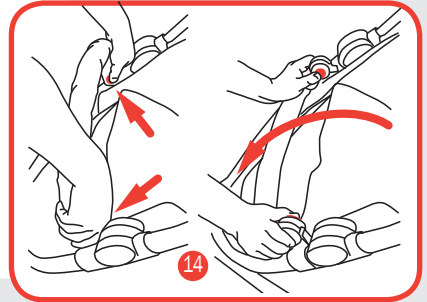

FIGURE J

1. Identify the secondary and primary frame locks on the rear of the stroller. Press the red plastic button (15) of the secondary frame lock and twist it toward you to the open position revealing the red handle release button (16).

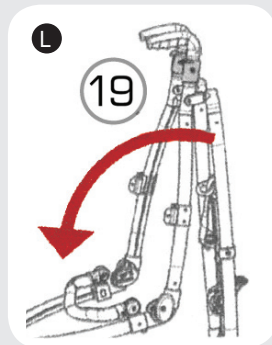

FIGURE L

1. To fold fully: Push the handles down all the way until they meet the front wheel (19).

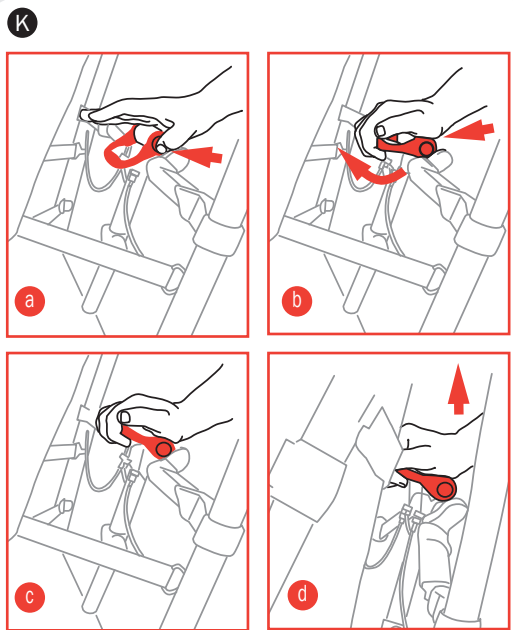

FIGURE K

1. Press the release button on the primary frame lock (a).
2. Lift the handle (b). Hint: you may wish to keep the release button depressed.
3. Push down push down firmly with the palm of your hand (c) and continue to lift the handle until the frame unlocks.
4. Lift the handle vertically (d). This will pull up the rear frame section, collapsing the stroller inward and bringing the two legs together.
